Communication Deep Dive

Communication Principles

Alignment

Coordination with XYZ calendars to account for Open Enrollment period, Payroll year-end tax documents, Performance EOY reviews and objective setting

Cascading

Previews prior to broader distribution - so leaders, XYZ and Managers are armed with information to answer questions; each group receives targeted comms to create awareness and desire

Strategic Timing

Pre-launch: Build awareness, knowledge and ability to navigate the coming changes
Post-launch: Reinforcement

Multiple Channels

Same message distributed in multiple ways to suit different communication preferences

Communications Audience Map

5.Entire Associate population [end users being impacted]

- All Associates [individual contributors and people managers]
- Targeted Associate subsets

4.Entire People Manager population [end users being impacted]

- All people managers – message include impacts on manager + "preview" of what's coming to their to Associates
- Targeted manager subsets

3. Teams of focus: XYZ and Payroll

- Impacted XYZ teams/COEs
- All payroll Associates (within the finance team)
- All XYZ Associates

2. Cross-Unit Executive Leadership

- XYZ BU Presidents
- XYZ POLT
- XYZ Leadership
- Business Leadership (non-XYZ leaders)

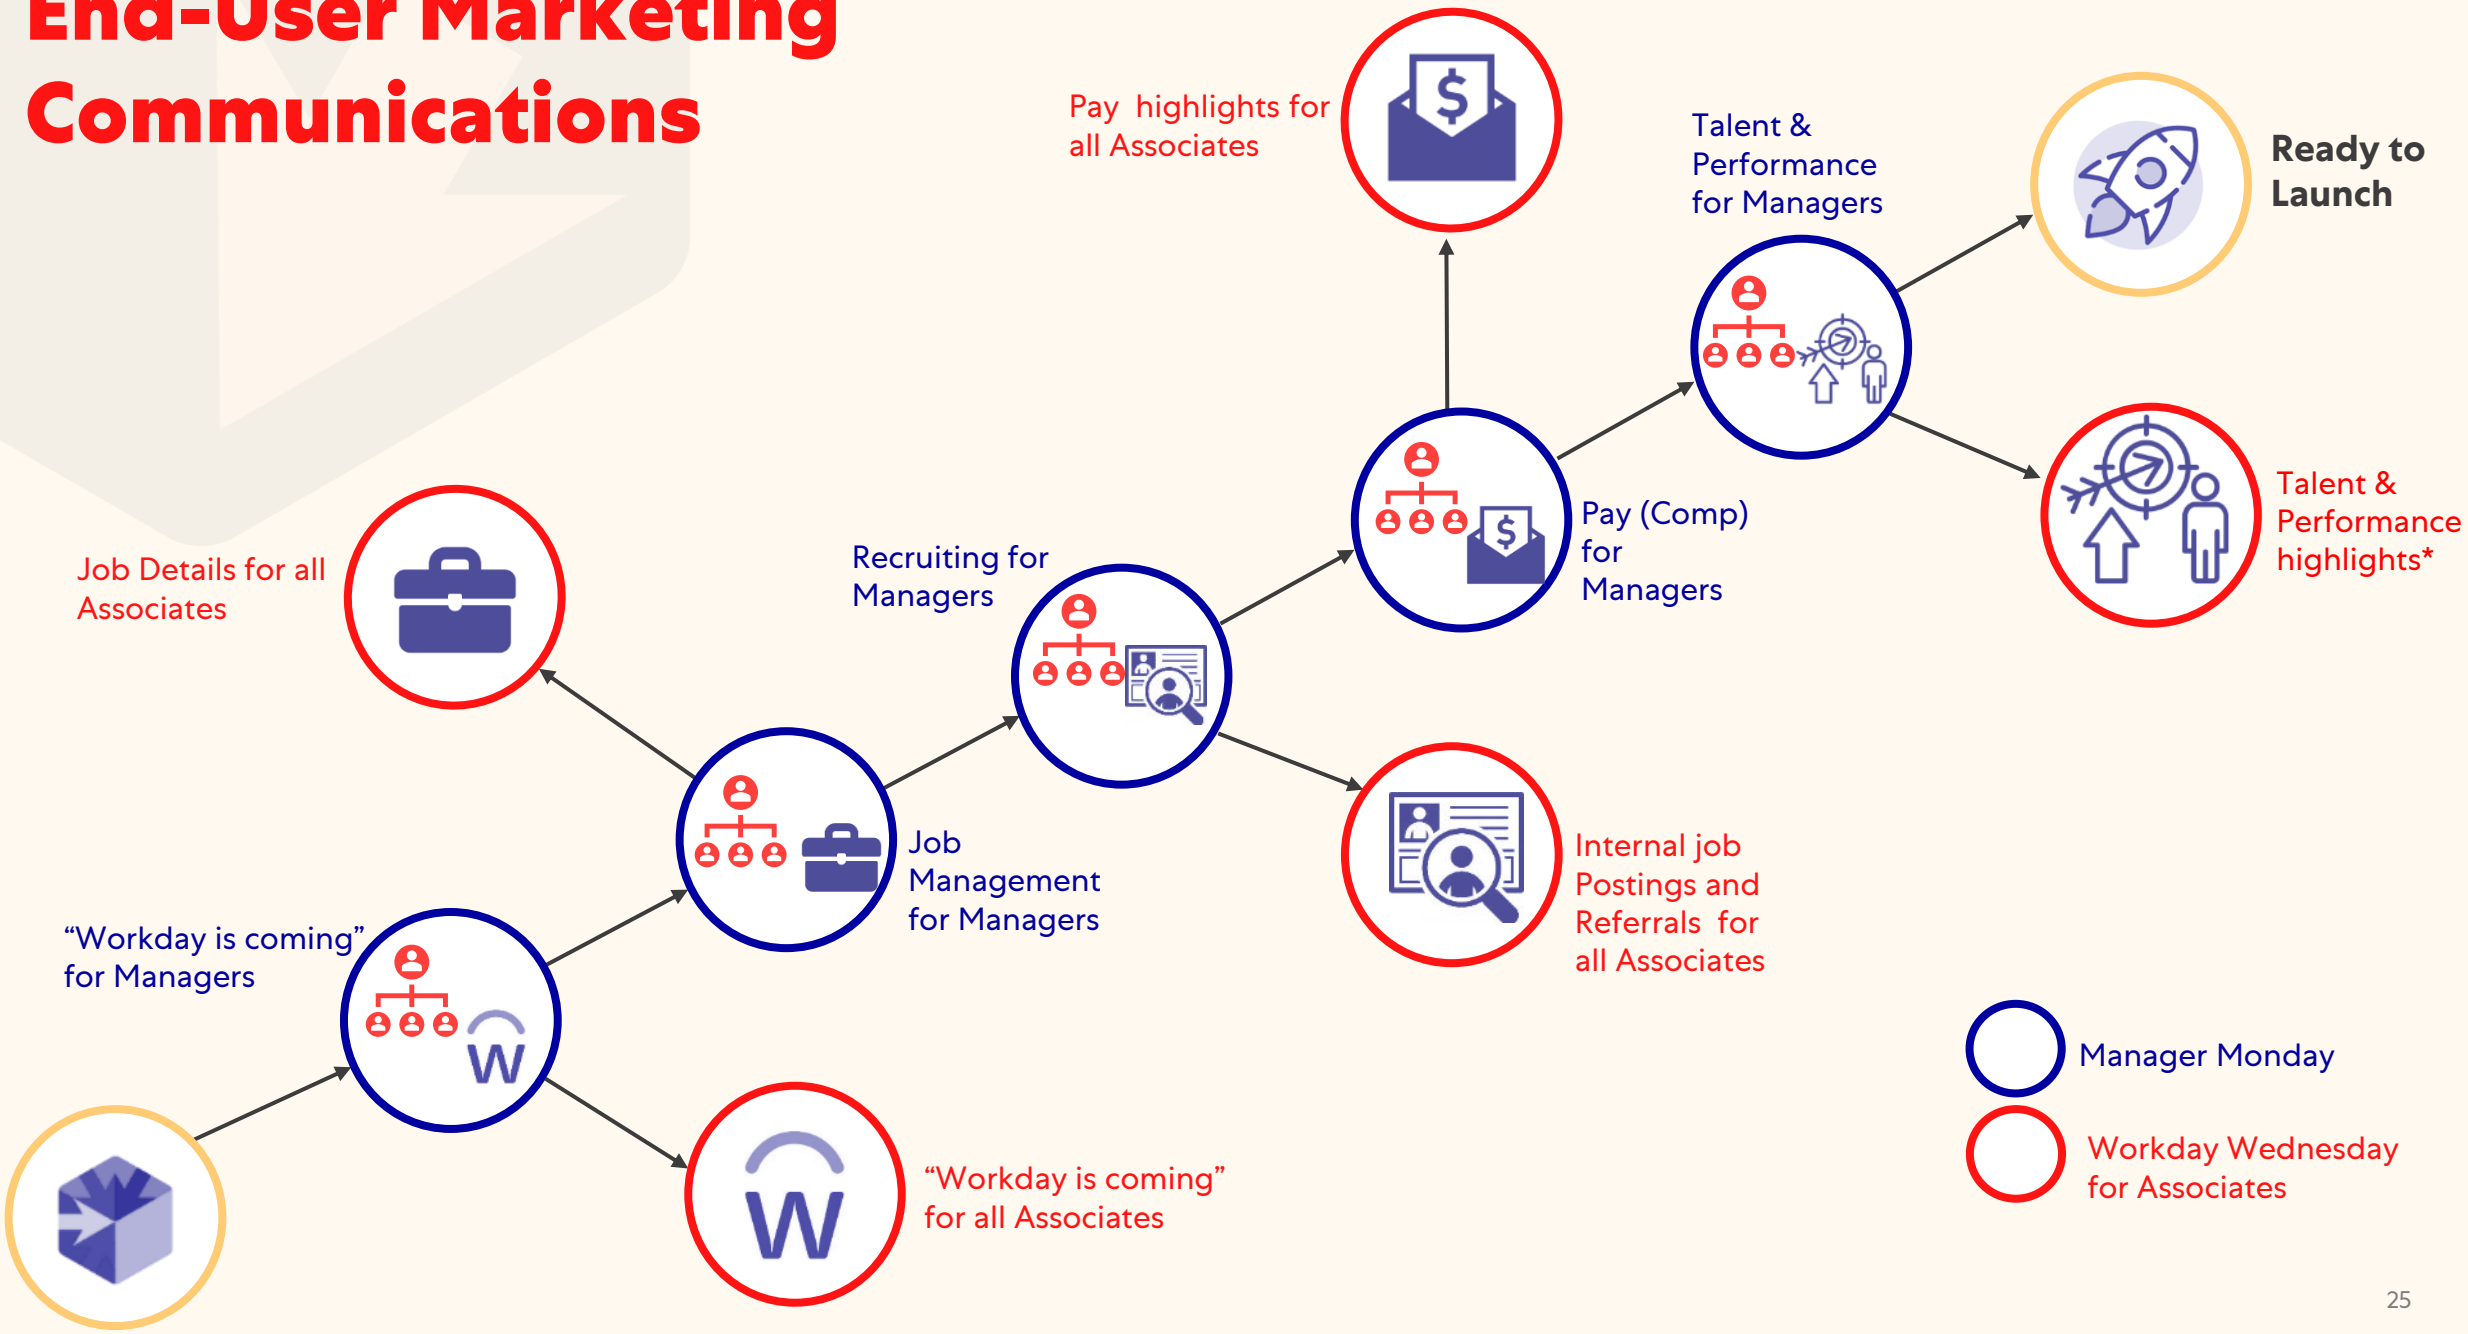
1. Project Leadership

- Steering Committee
- Functional Champions
- VAZX CALT
- Other key project groups

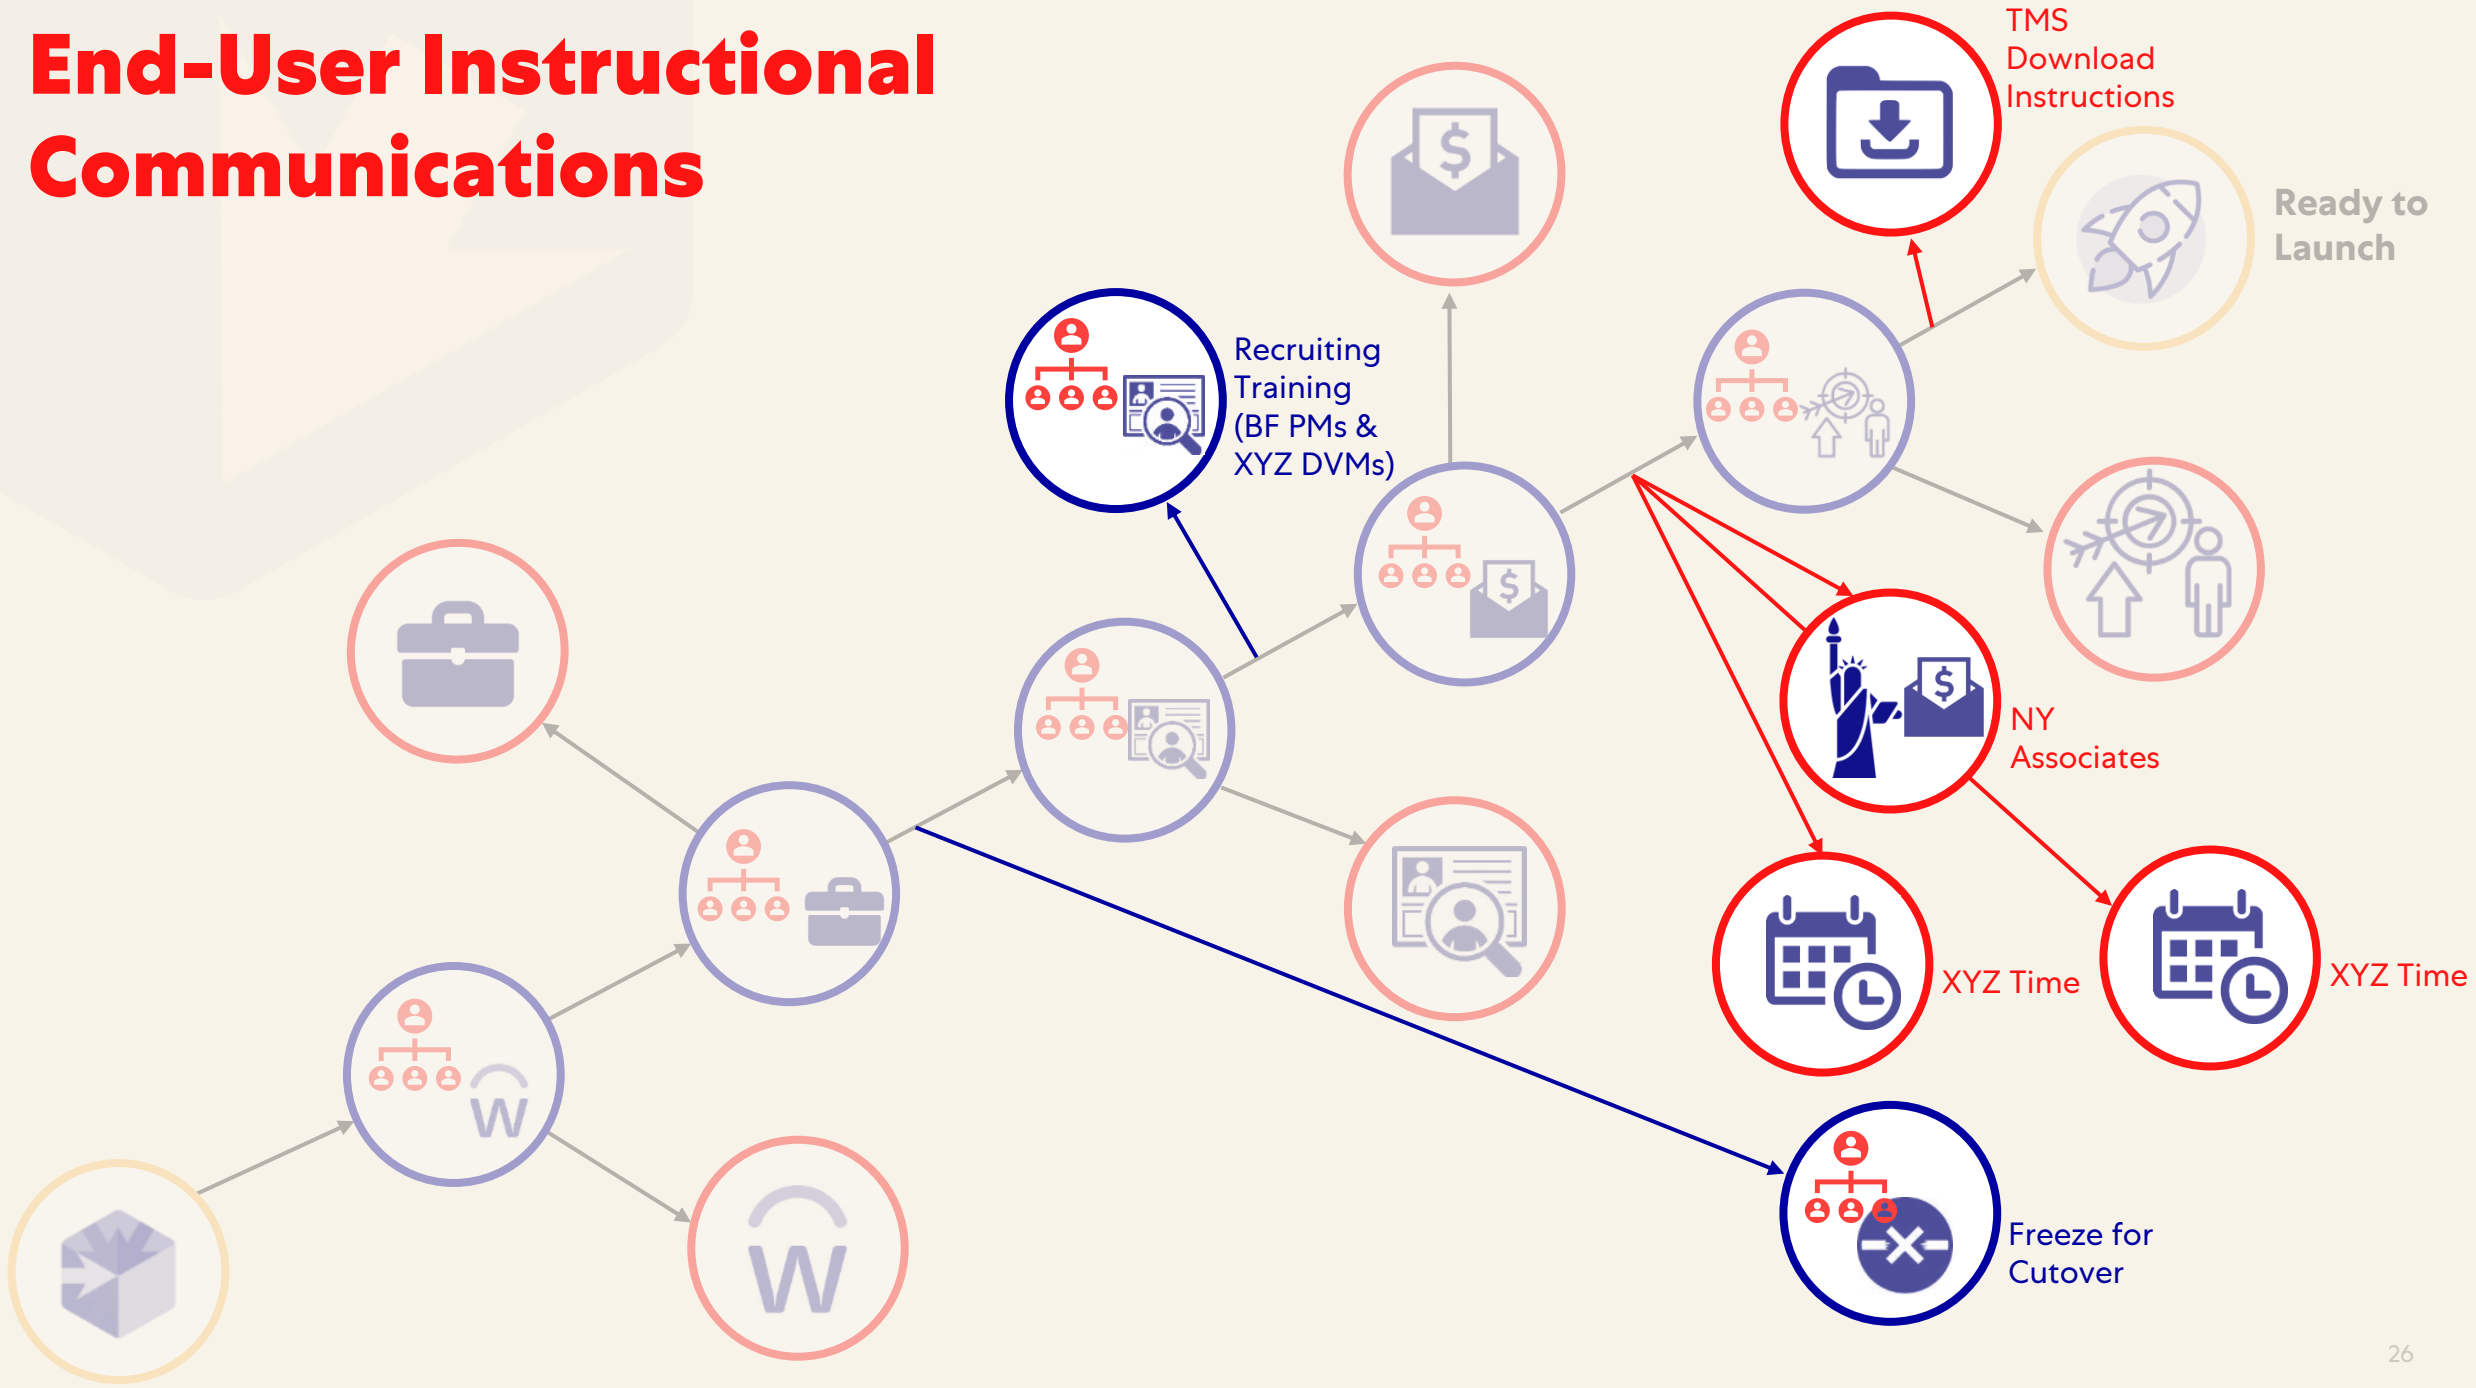
Audience Definitions

- **Associates** are all employees, except contingent workers. This segment is inclusive of individual contributors and people mangers. Associates may have subsets such as:
  - Hourly Associates
  - CTS and Field Associate
  - Specific location-based Associates (NY)
  - Includes residents and interns
- **Managers** are all line/people managers. Managers have subsets, such as:
  - Managers who are doctors/manage doctors
  - Corporate managers and Practice managers
  - Managers of hourly Associates
- **XYZ Associates** include all XYZ employees. Subsets include:
  - XYZ Business Partners (as change agents)
  - All Associates in XYZ Centers of Excellence (COEs) of interest, such as Talent Acquisition, and Associate Relations
  - People Solutions and People Services.
  - **Payroll** Associates (finance team), as an extension of XYZ
- **Business leadership** includes non-XYZ business leaders, including:
  - Finance Leaders
  - Hospital Leadership
  - Directors Plus
  - Field Leaders

End-User Marketing Communications



End-User Instructional Communications



End User Go-live and post go-live reinforcements

Proposed Communication Tactics

Phase 1. Prepare the Business & Key Teams	Phase 2. Prepare all Managers and Associates	Phase 3. Support the Transformation

Communication assets

- Letter from LEADER.
- Conference calls/webinars with Q&A.
- Emails with reinforcing PPTs.

Communication assets | Multi-modal assets and channels to meet each Associate where they are at

- Emails and newsletter inserts
- Conversation forums with Q&A
- Print materials: posters , flyers for huddles
- Supporting documents for mangers: talking points, FAQs etc
- What is Project, What is Workday animation/visual asset
- Posts for social
- Teams desktop background and Scala screen displays
- Calendar invites to training and support events

Communication campaigns proposed

- **Workday Wednesday** | learning about Associate self-service in Workday.
- **Manager Monday** | manager-specific Workday information.

Business-Unit level Communications Infrastructure Needed

Our recommendations

BU-level Project intranet space. We strongly recommend that every Business Unit hosts a separate Project page or section on their intranet site – which serves as a repository or "landing space" for all communications. Emails, posters, "Workday Wednesday" campaigns and other materials can keep pointing to this central space for each Business Unit.

Project email id. Each BU sends Project related emails from a customized Project email id.
